Aarya Singh

has successfully completed the online, non-credit Specialization

Essentials of Corporate Finance

This Specialization included a sequence of four 4-week courses culminating in a 4-week project (Capstone) in collaboration with the Bank of New York (BNY) Mellon. It was designed to help students gain a strong understanding of finance and advance their career as a finance professional. The Specialization allowed students to focus on developing a firm understanding of corporate finance, including accounting principles and financial analysis, how value is created by global markets, the choices firms face when making financial decisions and defining attitudes towards risk. The Capstone project enabled the students to apply the skills learned throughout the courses.

Associate Professor
Faculty of Business and
Economics

Dean Faculty of
Business and
Economics
Sidney Myer Chair of
Commerce

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
